## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

We have seen some rather strange ballgames before but we can not even remember seeing a score to match that one against Winters—3-2. This, of course, is the second time in three years that Hamlin has had to use a field goal to beat Winters.

While our defense played another outstanding game, our offense just never could seem to come up with that extra yard or so on third down.

It goes without saying that things will have to pick up this week if we are to get by Ballinger.

The Hamlin School system received a good report on its accreditation visit here a few weeks ago. The Texas Education Agency makes periodic checks of the school systems over the state and rates them to a standard set up by the state.

While a limited visit by the team can not spot all of the flaws and weaknesses of a school system it can get a pretty good overall picture of the total system. These people making the visitations are well trained and know what to look for and it is the mark of a good system to get a favorable report.

Citizens of the Hamlin School District can take pride in what they are doing for their young people by providing them with everything that they can to insure them a sound educational system.

Next week is to be observed as "Cleaner Air Week" across the country. It is a little hard to get very excited anymore about special weeks since there seems to be a week set aside for just about everything anymore.

But this particular week should have more than a little significance to everyone who breathes—which just about takes care of all of us doesn't it?

At one time it was assumed that this was more of a problem for the big cities but we are finding that it is a problem everywhere. In many West Texas towns it becomes a very serious problem about this time every year.

Fortunately for Hamlin, our gin does not burn burrs like it used to and as many still do.

According to Texas State Department of Health, the economic loss from air pollution has been estimated at more than \$60 per year for each, man, woman and child. This is in the form of crop damage, corrosion, cleaning bills, wasted fuel, accidents from reduced visibility—these known effects keep mounting.

Air pollution is a mix—compounded from exhausts of millions of automobile emissions, from power plants and industries, and many other causes. Nor is all pollution visible to the eye. Toxic fumes pour forth from other sources into the limited ribbon of air which surrounds the earth.

While we are not really hurting in West Texas from air pollution yet, it still should concern us because at the rate we are going all of the earth's air is going to be polluted, including ours.

Among the health problems brought on by air pollution are emphysema, bronchitis, lung cancer, colds, pneumonia and bronchial asthma.

So, if nothing else, maybe we should step outside next week and enjoy the clean air we have while we can.

#### Borrowed—

A worried-looking man in a florist shop asked for three potted geraniums. "I'm sorry," said the clerk. "We're out of geraniums just now, but we have some nice potted chrysanthemums."

"No, they won't do," replied the man. "I promised my wife I'd water her geraniums while she was away."

## Hamlin Schools Get Good Accreditation Report

Dr. M. L. Smith, president of the Hamlin Board of Education, received a report this week on the recent School Accreditation Visit made by the Texas Education Agency. The report recommended that the Hamlin Independent School District be continued as fully accredited for grades 1 through 12.

The elementary, junior high school, and high school of the Hamlin Independent School

District were essentially meeting accreditation standards in all areas of the instructional programs. Facilities met, and in some cases exceeded, accreditation standards.

The only item listed in the report that needed correction was a need for improved lighting in the elementary reading rooms near the elementary campus.

This was the first accreditation visit of the Hamlin School District since November of 1956.

The visit covered the following five areas: school plant and facilities, instructional aids, instructional program, school records and administration.

Among the things noted in the report were: the system offered a program of guidance services, health services were provided for all students of the district, and the district had one unit of Special Education.

The policies of the board of school trustees had been developed, codified, duplicated and made available to all interested persons. The report noted that the board held regularly monthly meetings and the minutes were bound and properly signed. The libraries at the high

school and junior high school were functional and were large enough to support class research.

Also noted that most elementary classrooms were attractive and functional in design. A remedial reading program was housed in a separate building where adequate space and facilities provided an atmosphere conducive to learning. Many instructional aids were being used by qualified staff members for the development of reading skills.

### Jones County Unit, Cancer Society, To Meet Thursday

The Jones County Unit of the American Cancer Society met at Lee's Cafe Thursday with Mrs. Kenneth Riddle, President, presiding.

Mrs. Bill Rice, District Director from Sweetwater, presented the Certificate of Authorization to the Jones County Unit. This certificate authorizes the Jones County Unit to use the name "American Cancer Society" and the Society's registered emblem, the A. C. S. Sword, for identification of its cancer control program.

Members from Stamford, Lueders, Anson and Hamlin attended.

## Pipers to Get Real Test At Ballinger

In a three-way tie for the lead in District 7-AA, the Pipers will get their sternest test of the season Friday night when they travel to Ballinger to take on the undefeated Bearcats. Last week, while the Pipers were holding on to a 3-2 win over Winters, Ballinger was dumping Anson, 42-0.

Coach Joe Youngblood told the Piper Boosters Monday

night that Ballinger would be far better than any team we have played this season. He added, "If we play our very best, I feel we can beat them."

He said that the Pipers had a real good workout Monday and for the first time this season all of the boys are ready to play. Robert Brandon, who scouted the Ballinger-Anson game last week, said that Ballinger had a good, sound ball club and appeared to be strongest on defense. He said they had good size and were quick as usual and took advantage of every break. Brandon noted that the Pipers would have to play a sound game if they are to beat Ballinger because "Ballinger will beat you on your own mistakes."

The Bearcats have a good

quarterback in Kyle Bradley who can run as well as pass. Their two running threats are fullback John Patterson, a 163-pounder, with good speed, and Jimmy Gomez, a 170-pound halfback, who is a hard runner and can throw the half back pass.

Favorite receivers for the Bearcats are 185-pound end, Howard McDaniel, and wingback David Yarnell.

The Bearcats use the Wing T for their basic offense and run some from the Straight T and the Double Flanker set.

While Ballinger and Hamlin are meeting, the other loop leader Haskell will be playing Winters, and Stamford will be playing Merkel and Anson will be at Coleman.

## Exes Set Prizes For H-Coming Parade Nov. 8

Officers of the Hamlin Ex-student Association met Monday afternoon in the home of the president, Mrs. Robert Fowler, and set cash prize amounts for winning parade entries.

In the school division \$25 will go to the first place winner; \$15 to second place and \$10 to third place.

Business and clubs will be competing for \$12.50 for first place; \$7.50, second place and \$5 for third place.

The officers urge participation in the parade.

Mrs. Ken Prewitt will be chairman of the Little Piper float. Further information may be obtained by calling her at 576-2184. Also, it was mentioned that Piper costumes used in past parades would be appreciated for use this year. Material and pattern are available at Winn's.

Arrangements are being made to have the parade filmed for presentation later on Cable Channel 2.

Directories of former students and teachers and their addresses are being reserved for \$2 each or \$2.50 if they are to be mailed.

Registrations and money for the directories may be sent to Hamlin Ex-students, Box 323, Hamlin, Texas 79520.

### Junior High School Cafeteria to Close

The Hamlin School District Board of Trustees voted Monday night to close the Junior High School Cafeteria because of lack of participation. Junior High students will be carried by bus to the High School Cafeteria each day.

The system has been operating three cafeterias and will now only operate two — the one in high school and the one at the primary school.

# Field Goal Gives Pipers Win

The toe of Duane Stewart kept the Pied Pipers in the race for the District 7-AA championship last Friday night as he kicked a 23-yard field goal in the fourth quarter to give the Pipers a 3-2 win over Winters.

The Blizzards picked up their two points in the second period when a bad snap from center sailed over punter Charlie Shira's head and rolled out of the end zone for a safety.

The Piper offense seemed to come up just shy of a first down all evening as they failed to keep a sustained drive going.

A good effort on the part of the Hamlin defense kept the Blizzards from making any serious scoring threats with cornerbacks Spencer Ford and Stewart making some big plays as the Blizzards tried to run wide with reverses

The only Blizzard threat to score came early in the game when the Pipers fumbled the ball on their own 11-yard line. But in four plays they managed to get only to the Hamlin six.

A real punter's duel developed before the night was over as Shira punted seven times for a 35-yard average, with most of these against a strong south wind. Winters punted five times, also for a

35-yard average.

Spencer Ford was the top ball carrier of the night, carrying 21 times for the Pipers for 66 yards.

An exchange of pass interceptions put the Pipers in position for the safety as Winters intercepted a pass at the Hamlin 33 and then Steve Teichelman intercepted one at the Hamlin 15. Losing yardage back to the seven, Shira went back to punt when the ball sailed over his head into the end zone.

Early in the fourth period Leonard Johnson recovered a

Blizzard fumble on the Hamlin 34. After losing 3 yards in two plays, Shira passed to Gary Smith for a first down at the Winters' 23. Ford carried for gains of 3, 5, 5, 2, 4 and then lost one yard. Facing fourth and five, the Pipers called on Stewart who split the goal posts with his 23-yard field goal to give the Pipers their one point lead.

The balance of the game was played on the Winters end of the field but the Pipers failed to make it in to score as they nursed their one-point advantage.

## THE EAGLES SPEAK...

Connie Dowell Sr. Shirley Gann Jr. Another busy week has passed for McCauley High. The past week has been both hectic and tiresome for the faculty and students. A lot of old friends were brought together again since last week was Homecoming. A small crowd of seventy-five gathered for the business meeting and registration. The exes voted on a couple of important things. The first thing was to have Homecoming only every other year. The second voting was about the officers, they vote to have the same officers as last year.

After the meetings everyone enjoyed the Bar-be-que served by the Juniors and Seniors. After an enjoyable meal everyone met at the site of the Bonfire as the Cheerleaders did a few old and new yells. A lot of old memories were brought back about the Exes school days as we lit the Bonfire.

After the bonfire everyone attended the football game when McCauley hosted the Benjamin Mustangs. Donnie Gann took McCauley to the top as he raced over the goal line for six touch-downs. Do-

Piper Patter

by Toni Casey

Thomas Goolsby

The Hamlin Pied Pipers won their second district game last week with a score of 3-2. The Blizzards gained their only points from a safety during the second quarter. Our score came on the last quarter when Duane Stewart kicked a field goal to give us our lead and which eventually won the game. Tailback Spencer Ford was Hamlin's top rusher with 66 yards in 21 carries. We travel to Ballinger tomorrow for one of our toughest games. Go to the game and support the Pipers.

A pep rally was held in the high school practice gymnasium last Friday morning. It was said to have been the most inspirational one this year. All Hamlin Junior High School students attended to give the Pipers more "spirit." Speeches were given by C. A. Jenkins, band member, and Jan Gardner, twirler.

The Hamlin B-team played the Cooper B-team Saturday morning at 10:30. We were victorious with a score of 13-8. During the first half, Barry McDonald made a touchdown, and Doug Elliott kicked the extra point. The Cooper B-

team made their eight points in the third quarter. During the last quarter, McDonald made the final touchdown which gave us our victory.

The FHA members entertained their mothers at a Salad Supper last Thursday night. The theme was Halloween, and the program was a panel discussion on "Speak Out: Stable Life - Stable Home." The panel members were Mrs. Max Brown, Mrs. David Casey, Mrs. Sam Ferguson, Mrs. Gerald Young, Latrese Williams, Velanne Rowland, Marsha Hester, Marcia Steele, and Kathy

Ponder. Jana Ferguson was the moderator. At this supper, the members elected Miss FHA for September and October. Jana Ferguson was elected for September and Peggy Jones was elected for October.
